The Bluewater *Charter*

— WHAT WE ARE —

This is a *fishing* lake.
This is a *wake sports* lake.
This is a *quiet enjoyment* lake.

All three, on purpose, on the same 270 acres.

We surf, we ski, we slalom. We fish at dawn and again at dusk. We cruise on pontoons. We sit on the patio and let the water do the talking. The slalom fin sings on its second cut of the sunrise tour. The walleye comes off the dock at twilight. The kids learn to clean a crappie. Family Surf Fridays roll into tranquil Sundays.

Everyone here moved here for a reason, and the reasons differ. The community works because every legitimate use of the lake has a place, and because each of us is responsible for respecting the others. We share the water. The water repays us all.

That mutual respect is what protects what we moved here for, and what delivers the future we want for our families on this lake.
